Easy to clean

It's in our DNA.

From the founding of our company, Veromatic has been focused on customer satisfaction. We therefore focus on beverage quality, comfort and partnership. The wishes of our customers and the end user are always at the forefront when developing our own technology. And that is why we only produce with the best components. The result: a machine with a very good price-quality ratio and perfect beverage preparation.

Quality and ease

S-Pro: tasteful experience

The Veromatic S-Pro instantly creates a total coffee experience with its clean look. The visible coffee beans in the reservoir and the classically styled double beverage outlets give this espresso machine a real barista look. In addition, the front of this machine is fully customizable through a glass print. This makes the S-Pro a real attention grabber.

Machine features:

- ✓ Espresso beverages
- ✓ User-friendly 7-inch touch screen
- ✓ Allergy information displayed per item
- ✓ Plant-based milk products optional
- ✓ Simple in use and maintenance
- ✓ Personalized branding image

All the benefits of espresso preparation

For true coffee purists, nothing beats espresso preparation. The S-Pro 2 is therefore fully adjustable in terms of grind, water temperature and flow time. And therefore gets the most out of every bean and provides the desired taste.

All Veromatic machines are available with:

- ✓ Best in-cup quality with Barista-on-a-Stick®
- ✓ Wide range of beverage varieties
- ✓ EasySelect® beverage selection
- ✓ Customizable menu for personalization
- ✓ Separate hot water spout
- ✓ Increased energy savings with VIPS®
- ✓ Automatic rinsing
- ✓ Easy maintenance and cleaning
